PARTNER FAQ

What does it cost to start?

Nothing. There is no fee and nothing up front. Your members join CandleHall Pro or VIP through your Room, and you earn a share of what they pay: 10% to start, rising with your paying members to 20% at most. Founding Partners start at 13% for their first 6 months.

How and when do I get paid?

Your members pay CandleHall monthly or yearly, in US dollars. Your share is paid out every month, with a statement you can check line by line. New members' first payments are held for 7 days so refunds stay fair.

Can I keep my Telegram group?

Yes. The Telegram bridge moves paid members over at their own pace. Your old channel can stay as announcements-only and point to your Room.

Do I have to show my real name?

No. We check your identity privately once, so members can trust that a real person runs the Room. Your public name can stay a pen name.

Can I use broker referral links?

No. Broker referral and affiliate links are not allowed anywhere on CandleHall, for owners too. Members pay you for your teaching, not for where they trade.
